SWANA Manager of Landfill Operations (MOLO)

(30 CEU's)

June 26-29, 2018

Ramada at Stockman's Casino in Elko, Nevada

SWANA Certification has become a benchmark in the solid waste industry. More than 3,000 solid waste professionals have chosen SWANA Certification, earning themselves: Competency in regulatory requirements, access to the latest in industry innovation and technology, an edge over the competition when seeking a promotion or new employment, and recognition for their industry knowledge, capability and so much more.

About the Course:

The Manager of Landfill Operations course is a comprehensive primer in the study of modern landfills; including fundamental area of study such as operations, site design, regulations, health and safety, cost controls and other issues pertinent to planning, operating, and closing landfills.

Who Should Attend

Landfill owners, managers, and supervisors, as well as engineers and consultants.

Course Objectives

Upon completion of this course, learners will be able to:

- Understanding the scope of landfill importance, purpose, characteristics, design, equipment, and regulatory compliance
- Understanding and managing daily operational procedures
- Improving landfill safety

- Regulations
- Landfill Layout and Siting
- Landfill Design and Construction
- Landfill Equipment
- Landfill Operations
- Leachate and Landfill Gas Management
- Groundwater Monitoring
- Landfill Economics
- Safety Issues and Planning
- Landfill Administration
- Closure Issues
- Inspection

Meet the Trainer: Debby Barton, District Manager, for the Solid Waste Special Service District #1 in Moab, Utah. She is responsible for managing a Class I, IV and recycling facility that process around 2000 tons per year. She is also the developer of a Math for MOLO Class based on "R U Kiddin" landfill scenarios which has produced a higher pass rate on the exam. She was named the Utah Manager of the Year for Special Service District in 2017.

Co-Trainer: Jeff Southern, Deputy Director of Waste Management Operations for OC Waste and Recycling for the County of Orange. He is responsible for over 200 staff members and the day to day operation of three facilities that process 16,000 tons of waste daily. Jeff has also serve for the SOCAL SWANA Board of Directors for eight years and is currently the "Past President." Jeff is passionate about the waste industry and enjoys sharing his experiences.
